

REVOLT BREAKS OUT ON ISLAND OF CRETE

Rebels Are Declared to Have Proclaimed a Provisional Government.

ENTENTE DIPLOMATS SPURN GREEK CABINET

King Discusses Way of Breaking Official Silence—Demand on Germany to Free Troops Is Firm.

LONDON, September 21.—A revolution in the Greek island of Crete is reported in a Havas dispatch from Athens. The revolutionists are said to have proclaimed a provisional government. Several revolutionary outbreaks in Greece have been reported since the entrance of Rumania into the war and the occupation by the Bulgarians of the eastern portion of Greek Macedonia, which resulted in an agitation in favor of participation by Greece in the war. Last month revolutionists obtained control of parts of Greek Macedonia near Saloniki and proclaimed a provisional government. The movement was said to be extending, but further news was withheld by the censor. The island of Crete, 150 miles long, with a population of some 300,000, is in the eastern Mediterranean, sixty miles from the southern extremity of Greece. It is the former home of ex-Premier Venizelos. Under the treaty of peace between Greece and Turkey in 1913 the island was annexed by Greece.

Ignore Greek Cabinet.
The diplomatic representatives of the entente powers continue their policy of not recognizing the existence of the new cabinet of Premier Kallageropoulos by abstaining from paying a formal visit to the new minister. King Constantine has discussed the question of furthering declarations by the new cabinet in the hope of breaking the existing silence of the entente and resuming the negotiations for the entrance of Greece into the war. The official of the Greek foreign office visited the entente diplomats at Athens yesterday, says a Reuter dispatch from the Greek capital, and is understood to have requested them as a matter of form to recognize the new cabinet, adding that the cabinet would subsequently resign if such a course were considered inevitable.

Firm Demand on Germany.
Reuter's Telegram Company says it learns that the Greek note to Germany is a firm demand that the Greek troops be brought to the Swiss frontier, so that they may be conducted to Greece. The Greek government guarantees they will not be forced to serve with any enemy of Germany, and at the same time disavows entirely the action of Gen. Hatzopoulos, who, it is claimed, disregarded orders to transport his troops to another Greek port. The Greek forces transferred from Kavala to Germany will be lodged at Goetzlar, a town of Prussian Silesia, says the Overseas News Agency. The force is composed of 400 officers and 4,000 men. The officers will be distributed among boarding houses and hotels and the soldiers will be placed in barracks.

King Urges Loyalty.
The ceremony incident to the taking of the oath of allegiance by new recruits held in Athens yesterday was attended by King Constantine and the royal family, says a Reuter dispatch.

from the Greek capital under date of September 20. The king in a speech, says the dispatch, recommended blind devotion by the men to their superior officers, and their sovereign, adding that "when every soldier acted on his own initiative with regard to his country's requirements, 'we betide the country' possessing such an army. You will have many things told you in order to mislead you," King Constantine is quoted as continuing. "Believe nothing. Those who tell them will sell patriotism like retailers. They seek to commit crimes under the cloak of patriotism."

Deaths Reported.

The following deaths have been reported to the health department in the last twenty-four hours:
Mary M. Kelly, 18 years, 511 8th street southeast.

PEAT MEN IN SESSION; OFFICERS ARE ELECTED

Value of Bog Material as Stable Bedding and as Fuel Discussed in Papers.

Prof. H. C. Thompson, bureau of plant industry, welcomed delegates to the tenth annual meeting of the American Peat Society at the opening session, at the Raleigh Hotel, this morning. Prof. Thompson is chairman of the convention. Officers were elected as follows: L. B. Arnold, Duluth, Minn., president; Ben. Haanel, Ottawa, Canada, first vice president; Prof. Paul Christianson, University of Minnesota, second vice president; Julius Bordinello, New York city, secretary-treasurer, and executive committee. John N. Hoff, New York, chairman; H. C. Thompson, Washington, D. C.; John Wiedmer, St. Louis, Mo.; G. Herbert Condit, Plainfield, N. J.; A. J. Forward, Ottawa, Canada, and Dr. Herbert Philip, Perth Amboy, N. J. The place of the next meeting will be St. Paul, Minn.

Papers were read today by W. F. Todd of Stephen, Canada, on the uses and manufacture of peat moss as stable bedding, and by Mr. Christianon on peat as a source of power. Mr. Todd declared peat to be vastly superior to straw as stable bedding, being cleaner and more valuable in every way. Mr. Haanel, a member of the Canadian department of mines, spoke of the uses of peat as fuel, and told why it is not more extensively used.

At tomorrow and Saturday's sessions other papers will be heard. Tomorrow afternoon the delegates will visit the agricultural experiment station at Arlington, where the government has been experimenting with peat soil from different parts of the country. The object of the peat society is to develop peat bogs and swamp lands.

Dies at Age of 110 Years.

Mrs. Frances Kenney, colored, whose age is recorded at the health office as 110 years and six months, died Tuesday. Funeral services were conducted at her late home, 946 Florida avenue, this afternoon. Interment was at Payne's cemetery. Mrs. Kenney was a native of Virginia and had been a resident of this city during the past forty years.

THIEVES GET VARIED LOOT.

Gems, Furnishings, Cash, Firearms, Foodstuffs Stolen.

Mrs. R. A. Flinn, 505 Massachusetts avenue, reported to the police the theft of a gold lavalliere, set with pearl and diamonds, and a gold chain. She valued the stolen articles at \$50. George Covington, 1461 Girard street, told the police of the disappearance of rugs and portieres valued at \$50. They were taken from a locker in the basement of the apartment house where he lives.

Henry L. Bailey, 1833 19th street, reported the theft of a gold brooch, set with diamonds, worth \$15. It was stolen more than a month ago, he stated. James Windsor, 3519 New Hampshire avenue, complained that his pocket-book containing \$1.85 and two keys was stolen from his automobile in front of the bureau of engraving and printing yesterday.

The theft of a revolver worth \$5 was reported by James Joyce. It was stolen from in rear of 1415 Rhode Island avenue. Mrs. Virginia Murray, 17 Grant place, asked the police to make an effort to recover a diamond ring taken from her home last week. She valued it at \$25. Twenty pints of preserves and articles of wearing apparel disappeared from the house of Robert Lewis, 724 18th street, during the past few days.

Mary Saunders, 1541 Columbia street, reported the theft of a gold watch worth \$15. Her initials were engraved on the case.

MORNING FOGS ON RIVER.

Thick Mist, in Early Hours, Makes Navigation Slow.

For the past three or four mornings thick fogs have covered the river for many miles and have given the steamboat and vessel masters something to think about as they navigated their craft through it. This morning the fog was unusually heavy and covered not only the river but spread far inshore, particularly in the country. The steamboat men say the fog began to form about 2 a. m. and just before daylight was so thick that great care had to be exercised in running through it.

At 8 o'clock the river and country about this city was still covered by the mist cloud. Soon after the watch run rays began to dry up the mist and within an hour or two it was gone. Rivermen look for fogs each morning at this season, when the air is much colder than the water.

NITRATE PLANT SITES OFFERED.

War Department to Defer Action Pending Investigation.

Scores of places in various parts of the United States have been named to the War Department as affording admirable facilities for the operation of the twenty-million-dollar nitrate plant authorized at the latest session of Congress. It is stated that no action regarding the selection of a site will be taken until Gen. Crozier and other ordnance experts have reported on the natural elements that enter into the production of the special form of nitrate required for military purposes.
